Automotive Service Inc

Complete Automotive Service, Repair and Peace of Mind.

Impeccable Service

Since 1981

What we set out to do over 23 years ago is still not finished. We have worked to take care of vehicles the way it makes sense to us! TDASI brings impeccable service and complete car care to you. You can feel confident about the way we prioritize your service needs. We listen to your

concerns, carefully inspect the vehicle and provide accurate answers and estimates. We'll explain the needs, your options, and stand behind any work with the best guarantee in the industry. We keep meticulous records and even send you maintenance reminders to help you keep your vehicle operating at its best!

Ask about our shuttle service!

Our People

The stability of Tom Dwyer Automotive Services can be attributed to our experienced technicians and staff, and a commitment to customer satisfaction. We work hard to maintain the best People, Equipment and Facilities, to provide you with quality and value, and keep up the best service in the industry. Our shop staff consists of technicians who between them hold a long list of certifications: ASE Master Certifications, C-1, L-1 Oregon State Advanced Engine Performance Certifications. All of our technicians are ASE Certified.

The office staff also maintains ASE Certifications. Ken, Bob and Clint are great resources, and you can trust their recommendations. Also, unlike many repair facility service writers, they know your vehicle and are never paid on commission (as is the norm in this industry).

We are an **ASE Blue Seal of Excellence Facility** and we are a State of Oregon approved emissions repair facility. We have over 200 years of cumulative experience and our people receive constant training to assure you have the most qualified person possible servicing your vehicle.

Our Facility

Our facility is conveniently located one block south of the east end of the Sellwood Bridge. 19 hoists ensure that each car gets complete attention and our investment in equipment assures you the best possible service and value.

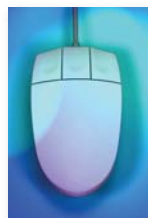

Our shop-wide network allows the technicians and staff instant access to your vehicles' service history and all the technical information needed to maintain your vehicle at its best. We utilize; Alldata, Mitchell on Demand, Identifix, and Iatn. These databases contain millions pages of current information, and with our complete Mitchell paper Library, we have the information needed to maintain your vehicle properly. We have the knowledge and the equipment; Modis, Mastertech, NGS Star, Baum, Simu-Tech, Road-Tech, Ram-XX, and other equipment dedicated to fault diagnosis and repair of computer controlled vehicles. Equipment investment we've made for proper care of the OBD-generation vehicles.

Services

Tom Dwyer Automotive Service is your one stop shop. That's rare today in the market where providers want to specialize and avoid the responsibility to maintain your total vehicle. We have the equipment and knowledge to take care of all your vehicle needs. We can maintain your new car's warranty and offer the best warranty problem detection available. If we can't handle it, we can refer you to someone we trust who can.

From simple brake, tire and alignment, to complex computer control problems, you will always receive superior care at Tom Dwyer Automotive Services, Inc.
