**It can be hard facing the world  
without wheels, but our partnership  
with Enterprise can keep you going.**

How do you get around town when your vehicle is in the shop? Asking a friend is great, and our Shuttle Service can help, but there's times when you just need your own wheels. We understand, so we've partnered with Enterprise Rent-a-Car to help keep you mobile.

- Our partnership with Enterprise means special pricing for you... most small cars are **LESS THAN \$25 A DAY**. We also offer **FREE** rental cars through coupons, for new clients, for jobs requiring more than just a day to complete, and other reasons. Ask one of our Service Advisors for details.
- Please **MAKE YOUR RENTAL ARRANGEMENTS WITH US WHEN YOU CALL TO SCHEDULE YOUR APPOINTMENT**. Don't worry about calling Enterprise... we'll handle all the details.
- You'll **PICKUP AND DROPOFF YOUR VEHICLE HERE AT THE SHOP**, so you won't have to make an extra trip to the Enterprise office.
- An Enterprise representative will be here to meet you at pickup so please, it's very important that you be **ON TIME FOR YOUR APPOINTMENT**.
- Your auto insurance policy covers you in rental cars, so we won't pay for any add-on insurance. However, you may consider paying the \$10-\$20 extra yourself- in case of an accident, Enterprise will handle everything and there won't be any headaches with your insurance company.
